## FINANCIAL SECTION FOOTNOTES

### Income Statement Account Details (Page F-02)

Interest and Dividend Income (419)

1998 interest income increased from the prior year (\$24,730 from \$7,682) because of significant increases in cash and investments.

Miscellaneous Nonoperating Income (421)

In 1997, the Utility had been repaid virtually all of the principal advances it had made to the Village's Tax Incremental District in prior years. These had been considered "Capital Paid in by Municipality". The monies transferred to the Utility in 1998 were primarily to repay interest that had accrued on these advances and are considered to be Nonoperating Income.

### Balance Sheet (Page F-05)

Cash and Investment (131 and 132)

Receivables from Municipality (145)

The Utility's cash and investments increased from \$293,683 at December 31, 1997 to \$652,800 at December 31, 1998. The primary reasons were

- Net income generated in 1998 of \$222,064 and
  - Transfers of \$137,978 Tax Incremental District funds in 1998 which were due the Utility from the prior year

1998 Analytical Review DWCCA-1670-PJL

Dear Ms. Morris:

The Public Service Commission has completed their analytical review of your 1998 annual report. The primary purpose of our analytical review is to detect possible accounting related errors and to identify significant fluctuations from prior year's data, which are not sufficiently explained in the footnotes of your annual report.

The only item identified in our review was the fact that the utility's 6 inch water meters were not reported as tested in either 1997 or 1998. If you are in fact using those meters, they should be tested yearly as required per Wisconsin Administrative Code § PSC 185.76.

Thank you for your efforts in preparing your 1998 annual report. You may consider our review closed. If you have any questions, please feel free to contact me at (608) 267-9198.

Sincerely,

Peter J. Leege  
Financial Specialist  
Division of Water, Compliance, and Consumer Affairs
